

NEW LIQUID FERTILIZER PARTS FOR 2022

NEW 3-Hole Fertilizer Streamer Nozzles

Precision molded & color-coded liquid fertilizer streamer caps for consistent liquid fertilizer with less plant burn. Available in molded sizes from 0.15-2.0 us gpm.

Includes metering orifice and deflector plate in a single part number for easy ordering.

New O-Ring Seal Fittings & Assemblies

ORS Straight Check Valves
10 PSI Manual On/OFF Check Valve, Straight
20556-00

ORS Inline Strainer attaches to any ORS fitting
20576-00 Strainer Assembly

20576-02 50 Mesh Replacement Strainer

1" ORS Hose Barbs

20515-00 1" Hose Barb, 90°

20504-V0 1" HB Straight Viton

ORS to Square Lug Outlet for Liquid Fertilizer Kits
20549-00

20644-00 4 Outlet EFM Manifold with new Straight 10 PSI Manual On/OFF Check Valves

New pre-assembled Flowmeter Manifolds

New electronic flowmeter manifolds with straight check valve allow for easy ordering and building of systems.

Simply replicate each section of the implement with manifolds of the same size, cap off the ends, add a hose feed, and away you go.

Available in manifolds of 1-4 Outlets.

Wilger Electronic Row-By-Row Flow Monitoring System

The serviceable flowmeter designed & built specifically for agricultural chemical & liquid applications

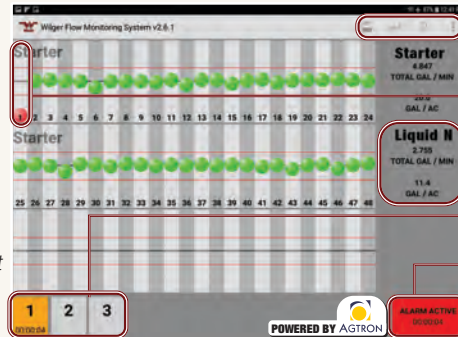

Simply enough, one of the highest compliments you can give farm equipment is "It works."

No fuss, no muss, it does the job it is supposed to do.

We are proud that for years, applicators have had exactly that (and more) to say about the EFM system.

The system worked after set up and typically ends up helping troubleshoot other equipment issues unrelated to the EFM, saving unexpected downtime & costs.

With a customize-able app and interface based on user input, it will quickly pay itself off in value for the farm.

Simple menu and tools for setting up & customizing screens

Yellow & Red balls & lines show custom alarm% thresholds.

Up to 3 different products can be monitored on one EFM system at the same time.

Two Simplified Views:
Single Product View - 3 screens showing up to 72 rows

Multi-Product View: 10 sections up to 24 rows /section

Mutable Alarm button is able to alarm even if app is operating in the background

Fittings Swivel 360°

Crystal Clear Flowmeter

Superior Chemical Resistance

Serviceable Flowmeter for Ag.

High Accuracy Flowmeter

Acid Resistant Parts

EFM systems are developed by OEM manufacturers using WILGER parts

FEATURED & NEW SPRAYER PARTS FOR 2022

New COMBO-JET® Double-Down & Agrifac Adapters

40441-00
Double-Down Adapter
sprays two nozzles
straight down

PWM APPROVED

40206-00
SO LUG
To Double-Down
-TWISTLOCK-

PWM APPROVED

Converts a square lug outlet to double-down COMBO-JET outlets

New options for Double-Down Spraying!

Ideal for high-volume applications, tough to reach targets, and making the most out of the nozzles you have on hand.

40205-00
AGRIFAC
To CJ
-sleeve-

PWM APPROVED

The simple adapter sleeve snaps into any COMBO-JET cap to convert to Agrifac outlet

COMBO-RATE® Top Turrets

A top take-off turret is even more compact for larger PWM solenoids. Available with **double-down spray** options, with backwards compatibility with all COMBO-RATE parts.

2" & 5" Outlet Extensions

For extending nozzles down 2"/5" to avoid boom frame interference for angled spray nozzles & more.

COMBO-RATE® Swivel End Body

A new COMBO-RATE end body that provides a swivel joint that is **adjustable in 15° increments**, and locked into place for crop adapted spraying or fence-row nozzle spraying.

COMBO-RATE® Boom End Flush Valve

A new 'last nozzle body' that is integrated directly into a flush valve for a super compact boom end nozzle & flush valve.

Quick Flange Sprayer Boom Fittings

The sprayer boom fittings for the next generation of sprayers

- Heavy-duty boom fittings that open up plumbing possibilities
- Ultimate configurations available for recirculating sprayer booms
- Common compatibility with common 1" flange fittings & more
- Even more fittings released into 2022

Compact Flush & Recirc

NEW

Easy Flange Boom End Conversion for Case TWS

Compact Fittings

Easy Flange Boom End Conversion for QN SST

No More Threaded Fittings

Easy Flange Boom End Conversion for 1" Pipe

New COMBO-RATE Pre-Assembled Manifolds for estate, yard & ATV sprayers

Need to replace your yard sprayer's control manifold?
Building your own yard or ATV sprayer?

COMBO-RATE manifolds are modular and can be expanded or modified with any COMBO-RATE fittings. From pressure regulators, pressure gauges, to anything else that might be required.

COMBO-JET® Nozzle Bodies for PWM

Are you retrofitting your sprayer to PWM?

Cost-effective & compact nozzle body for any tight sprayer boom.

High-Flow COMBO-RATE II Bodies

21/32" inlet nozzle bodies can provide 45% more flow for flow rates upwards of 60 US GPA @ 15MPH with a single outlet.

Check the COMBO-RATE section.
